MATERIAL SAFETY DATA SHEET

PRODUCT NAME: MILDEW STAIN REMOVER

PRODUCT # 0216 **Date:** 10/31/03

Date Revised: 11/14/2008

MANUFACTURED BY: Acme Soap, Inc.
1206 Fulton Ave.
San Antonio, TX 78201
(800)424-9300
CHEMTREC

HMIS Rating: Health 2 , Flammability 0 , Reactivity 1 , Personal Protection C

I. CHEMICAL IDENTIFICATION:

NAME: MILDEW STAIN REMOVER

DESCRIPTION: Sodium Hypochlorite, Aqueous Solution

II. HAZARDOUS INGREDIENTS

Ingredient	% Concentration	Flammable Limits (% in air)
Sodium hypochlorite	<5	Lower: N/A Upper: N/A

III. HEALTH HAZARD DATA

Eye Contact: May cause severe pain, blurred vision, tearing and swelling . Immediately flush eyes with plenty of water for at least 15 minutes while holding eyelids open. Get medical attention.

Skin Contact: May cause moderate skin irritation. Remove contaminated clothing or shoes, wipe excess from skin and flush with plenty of clear water. Use soap if available or follow by washing with soap and water. Do not reuse clothing until washed.

Ingestion: May cause pain and inflammation of the mouth, throat, esophagus and stomach. DO NOT INDUCE VOMITING. Rinse mouth with water. If conscious, give large quantities of water or milk and get immediate medical attention. NEVER GIVE ANYTHING BY MOUTH TO AN UNCONSCIOUS PERSON.

Inhalation: Vapors may cause slight to severe irritation of the respiratory tract. Remove victim to fresh air and provide oxygen if breathing is difficult.

Wash contaminated clothing before reuse.

IV. SPECIAL PROTECTION INFORMATION

Eye/Face Protection: Where chemical goggles
Skin Protection: Wear chemical resistant gloves to avoid skin contact.
Ventilation: Local exhaust: Recommended
Mechanical: None
Special: None
Work Practices: Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet facilities. Promptly remove soiled clothing and wash thoroughly before reuse.

V. SPECIAL PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN.

Keep away from all acids and acid containing compounds such as acid bowl cleaners and delimers. Store away from extremes in temperatures. This product degrades with age and heat and light accelerate this degradation.

VI. SPILL OR LEAK PROCEDURES

Spilled product may cause floors and stairways to become extremely slippery.
Contain spills immediately and avoid discharge to natural waters.
Small spills may be flushed to sanitary sewer.
For larger spills, absorb spilled material with an inert material. Collect and store in an air-tight container.
Contaminated product must be disposed of in accordance with Federal, State and local regulations.

VII. REACTIVITY DATA

Chemical Stability: Stable under normal operating conditions.
Incompatible materials: Any acidic material, ammonia, urea and oxidizable metals such as nickel, copper, tin, aluminum and iron.
Decomposition Products: Chlorine gas rate of decomposition increases with the concentration of temperatures above 85° F.

VIII. FIRE AND EXPLOSION DATA

This is a non-flammable product. Same flammability parameters as water. Use whatever extinguishing media that is compatible with surrounding materials.

IX. PHYSICAL DATA

Appearance: Pale yellow or yellow/green liquid
Odor: Hypochlorite/detergent odor
pH: 11.0
Boiling Point: 212°F.
Specific Gravity: 1.08

NOTE:

The information provided on this Material Safety Data Sheet has been compiled from information obtained from the manufacturers of the raw material components of the product, as well as from laboratory tests on the finished product. There are no expressed or implied warranties to be derived from the information provided. The user assumes all risks in handling and must determine if this product is fit for its intended use.

The health hazards on this Material Safety Data Sheet apply to this product in its concentrated form (as supplied) and may differ significantly at use dilution. The signs and symptoms of overexposure apply only to negligence in handling or misuse of the concentrated product and not to the routine exposure to the diluted product under conditions of ordinary use.
