Contain spills immediately and avoid discharge to natural waters.

Small spills may be flushed to sanitary sewer.

For larger spills, absorb spilled material with an inert material. Collect and store in an air-tight container.

Contaminated product must be disposed of in accordance with Federal, State and local regulations.

VII. REACTIVITY DATA

Hazardous polymerization will not occur.

Product is stable.

Prolonged or excessive heat may cause product decomposition.

This product is non-reactive.

Do not mix with other chemicals unless instructed by a competent person.

VIII. FIRE AND EXPLOSION DATA

Product is non-flammable.

In case of fire, use whatever extinguishing media that is compatible with surrounding materials.

IX. PHYSICAL DATA

Appearance:	Light green liquid
Odor:	Slight detergent odor.
pH:	12.0
Solubility:	Complete in water
Spec. Gravity:	1.00

NOTE:

The information provided on this Material Safety Data Sheet has been compiled from information obtained from the manufacturers of the raw material components of the product, as well as from laboratory tests on the finished product. There are no expressed or implied warranties to be derived from the information provided. The user assumes all risks in handling and must determine if this product is fit for its intended use.

The health hazards on this Material Safety Data Sheet apply to this product in its concentrated form (as supplied) and may differ significantly at use dilution. The signs and symptoms of overexposure apply only to negligence in handling or misuse of the concentrated product and not to the routine exposure to the diluted product under conditions of ordinary use.
