IX. PHYSICAL DATA

Appearance: Brown liquid
Odor: Characteristic alkaline odor
pH: 14.0
Boiling Point: 245°F.
Specific Gravity: 1.27 where water is 1.00

X. DOT SHIPPING NAME

SODIUM HYDROXIDE SOLUTION,8,UN1824,PGII

NOTE:

The information provided on this Material Safety Data Sheet has been compiled from information obtained from the manufacturers of the raw material components of the product, as well as from laboratory tests on the finished product. There are no expressed or implied warranties to be derived from the information provided. The user assumes all risks in handling and must determine if this product is fit for its intended use.

The health hazards on this Material Safety Data Sheet apply to this product in its concentrated form (as supplied) and may differ significantly at use dilution. The signs and symptoms of overexposure apply only to negligence in handling or misuse of the concentrated product and not to the routine exposure to the diluted product under conditions of ordinary use.
