

TECHNICAL DATA SHEET

LIQUID SMOKLEEN

Item: 0227

Description: A highly alkaline concentrated detergent/degreaser. It contains caustics, silicates and solvents to make all types of degreasing easy and complete.

Properties:	Physical form	Liquid
	Color	Red
	Odor	Synthetic Detergent
	pH 1% solution	12.4-12.8
	Solubility	Complete in water
	Flash point	None
	Rinseability	Complete
	Biodegradable	Yes

Uses: For cleaning and degreasing vent-hoods, fryers, stainless steel kitchen equipment, tile and concrete floors. This highly alkaline detergent should be used with caution all the time.

Directions: For degreasing vent hoods, dilute product 1:10 with water and apply with a sponge, cloth, or pump-up sprayer. Allow to sit for a few minutes then rinse with clear water. Always wear rubber gloves and safety goggles when using this product.
